2.2.2. Guided Structures

4.1 Field Observations

4.2 Digital Elevation and Digital Bathymetry Topology

4.3 Key Detail A

4.3.1 Cross

4.3.2 Spatial Gradients

4.3.3 Interaction Possible Signal Time

4.3.2 Analysis of Spending Patterns

4.3.3 Analysis of Surveillance Procedures

4.4 Data Analysis Revisited

4.5 Conclusion

4.5.1 Conclusions Regarding the Structural Soundness of the Management Model
